

LABCORP-STYLE SAMPLE REPORT

Male Hormone Panel

SAMPLE REPORT

NOT FOR CLINICAL USE

SAMPLE PATIENT DOB: 03/09/1978 Age: 48 Sex: Male Ordering Provider: SAMPLE PROVIDER

Account: DEMO000000 Patient ID: SAMPLE-MHP-001 Specimen ID: DEMO-MHP-0001 Status: Final - Illustrative

Collected: 08/25/2026 08:30 AM Received: 08/25/2026 02:25 PM Reported: 08/26/2026 03:55 PM

TESTS ORDERED

004020 Dehydroepiandrosterone (DHEA) Sulfate; 004515 Estradiol (E2); 004283 Luteinizing Hormone (LH); 480947 Prostate-Specific Antigen (PSA), Free:Total Ratio; 140103 Testosterone, Free, Direct With Total Testosterone

SAMPLE REPORT - NOT FOR CLINICAL USE

All patient information and laboratory results in this document are fictitious.

REFERENCE CONTEXT

Illustrative adult male specimen. PSA results and the percentage of free PSA must be interpreted with age, examination findings, medications, assay method, and clinical history.

Hormone and Related Results

TESTS	RESULT	FLAG	UNITS	REFERENCE INTERVAL	LAB
Dehydroepiandrosterone (DHEA) Sulfate	245.0	-	mcg/dL	71.6 - 375.4	01
Estradiol (E2)	25.0	-	pg/mL	7.6 - 42.6	01
Luteinizing Hormone (LH)	4.8	-	mIU/mL	1.7 - 8.6	01
Prostate-Specific Antigen (PSA), Total	1.1	-	ng/mL	0.0 - 4.0*	01
Prostate-Specific Antigen (PSA), Free	0.36	-	ng/mL	Not established	01
PSA, Percent Free	32.7	-	%	See comment	01
Testosterone, Total	612	-	ng/dL	264 - 916*	01
Free Testosterone, Direct	12.8	-	pg/mL	6.8 - 21.5*	01

REPORT COMMENTS

Percent-free PSA guidance is primarily intended for use when total PSA is 4.0-10.0 ng/mL. The fictitious total PSA above is below that interval; the percent-free value is included only to demonstrate the report layout. Asterisks (*) mark illustrative adult male intervals.

PERFORMING LABS LOCATION / INFORMATION

01 Illustrative reference laboratory. No clinical testing was performed and no laboratory director released this sample.

IMPORTANT INFORMATION

Reference intervals are illustrative and may vary by laboratory, instrument, method, specimen type, age, sex, menstrual phase, pregnancy status, medications, and clinical context. This sample contains no protected health information and must never be used as proof of testing. It is independently designed, is not an official Labcorp report, and is not issued, reviewed, sponsored, or endorsed by Labcorp. Labcorp is a trademark of its respective owner.
